

**David L. Schaefer to Moderate Upcoming APS Webinar—
*Directors and Officers Insurance De-Mystified. Do You Know What You
Need to Know About D&O?***

AH&T is committed to advancing worthwhile opportunities for its clients, employees, and business partners. Frequently, we serve as a qualified resource for educational seminars and industry events that provide expert information to our clients and to our prospective clients.

Please join us for the Alternative Public Strategies (APS) Webinar to be hosted by Belmont Partners, on March 27, 2008, from 1-to-2:30 pm EST, entitled *Directors and Officers Insurance De-Mystified. Do You Know What You Need to Know About D&O?*

Mr. Schaefer to Lead An Exceptional Panel of Insurance and Legal Experts

David Schaefer, a Principal of AH&T Insurance, will moderate this D&O event and lead the panel of experts during the moderated discussion. Joining Mr. Schaefer as speakers and panelists will be: Jason M. Wallace, Assistant Vice President of Navigators Pro; Manish Shah, a Director of Carpenter Moore, a NASDAQ company; and, Richard Anslow, a securities and corporate attorney, and the managing partner of the firm Anslow & Jaclin.

At AH&T Insurance, Mr. Schaefer specializes in commercial property and casualty insurance, management liability insurance, and the risks associated with being publicly traded. He has been instrumental in assisting numerous companies with proper D&O liability insurance coverage for their initial public offerings. In addition to establishing and directing AH&T's management liability practice, he was a founder of AH&T's technology practice and the principal architect of *Ensuring Integrity*, a nationally known D&O loss prevention program for public companies. Under his leadership AH&T has been recognized every year since 1994 by Tillinghast-Towers Perrin's *Directors and Officers Liability Survey* as one of the top 10 leading national brokers for the placement of management liability insurance programs.

A Word About D&O Insurance

In the world of D&O Insurance, lexicon and word meanings are intensely narrow and precise, and coverage frequently hinges on a word's presence or absence. Even for those familiar with the exacting contractual language of legal agreements, D&O Insurance presents unique and subtle distinctions that are sometimes confusing. Additionally, the complexity of the construction of some D&O agreements can be challenging.

Because of this initial perception, the myth persists that D&O insurance is too complex to master and its cost is too prohibitive. This is the exact myth that this seminar de-fuses. Indeed, it replaces that myth with reliable, working knowledge of the topic, and will place D&O insurance among your more potent assets.

Register

AH&T is proud to participate in APS's Webinar—*Directors and Officers Insurance De-Mystified*. If you want to know more about D&O, register for this informative and timely event.
